

**Research Chemist/Biochemist Position.** Omicron Biochemicals, Inc., a carbohydrate-based biotech company, is seeking qualified applicants to fill a full-time position in synthetic carbohydrate chemistry. Applicants with B.S., M.S. or Ph.D. degrees in chemistry or biochemistry, and prior experience in carbohydrate chemical and enzymatic synthesis, are encouraged to apply. Competitive candidates may also have skills in website design and management, or protein expression and characterization. Salary and benefits are competitive with industry standards, and scale with experience and skill set. Please send a cover letter and resume, including the names and contact information of three references, to: Anthony Serianni at [aseriann@nd.edu](mailto:aseriann@nd.edu), or to: Research Chemist Position, Omicron Biochemicals, Inc., 115 South Hill Street, South Bend, IN 46617-2701.
